Advanced Wall Console
Enhanced garage access features and security

OVERHEAD DOOR

Advanced garage access control at your fingertips

The new Overhead Door® Advanced Wall Console monitors the performance of your Odyssey® and Destiny® garage doors and openers while giving homeowners control of door operation, access security, and lighting features.

Standard Features

• Provides performance status of the garage door opener; the last 10 cycles can be reviewed for troubleshooting

• Sure-Lock™ control feature to lock out remote and keypad operation for increased security

• Easy to use backlit LCD touch screen

• Variety of menu options to customize features

• Easy setup for annual maintenance reminders
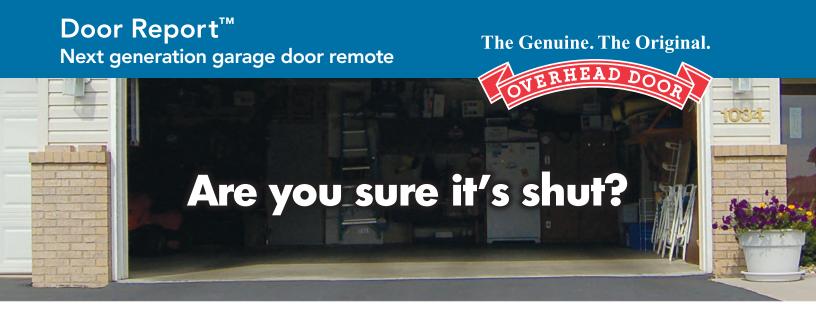

• Operates up to 3 garage door openers*

*Network Adapter Required
The Network Adapter is required for operation of the Door Report™ remote and other network accessories.

These accessories are available for use with Odyssey® and Destiny® garage door openers.

The Genuine. The Original.

OVERHEAD DOOR

Are you sure it's shut?

Introducing the Door Report™ Remote

The Door Report™ is an innovative new garage door remote that provides audible and visible signals indicating whether the garage door successfully closed. The Door Report™ provides additional convenience, security and peace of mind for every outing. No more wondering whether you should turn around and go back.

Standard Features

• Beeps and flashes green when garage door closes

• If the garage door does not close properly, a warning tone will sound and a red light will flash

• Operates up to three garage door openers*

• Sleek and compact design

• Includes visor clip and two AAA batteries

• Operates on 915 MHz frequency

*Network Adapter Required
The Network Adapter is required for operation of the Door Report™ remote and other network accessories.

These accessories are available for use with Odyssey® and Destiny® garage door openers.
