

Next Generation Garage Door Opener Accessories

Advanced garage access control at your fingertips

The Genuine. The Original.

Door Report™ Remote

The innovative Door Report™ Remote delivers audible and visible signals indicating whether the garage door successfully closed. The Door Report™ remote provides additional convenience, security and peace of mind for every outing. No more wondering whether you should turn around and go back.

Standard Features

- Beeps and flashes green when garage door closes
- If the garage door does not close properly, a warning tone will sound and a red light will flash
- Operates up to three garage door openers
- Sleek and compact design
- Includes visor clip and two AAA batteries
- Operates on 915 MHz frequency

37349R

Advanced Wall Console

The new Overhead Door® Advanced Wall Console monitors the performance of your Odyssey® and Destiny® garage door openers while giving homeowners control of door operation, access security and lighting features.

Standard Features

- Easy to use backlit LCD touch screen
- Provides performance status of the garage door opener; the last 10 cycles can be reviewed for troubleshooting
- Sure-Lock™ control feature to lock out remote and keypad operation for increased security
- Variety of menu options to customize features
- Easy setup for annual maintenance reminders
- Operates up to 3 garage door openers

37347R

Network Adapter

37350S

The Overhead Door® Network Adapter is required for operation of the Door Report™ Remote and Advanced Wall Console.

These accessories are only available for use with Odyssey® and Destiny® garage door openers.

Battery Back-up Unit

When the power goes out, we'll do the heavy lifting. The Overhead Door® Battery Back-up provides reliable garage door operation even when there is a power outage.

Standard Features

- Reaches full charge within 48 hours
- Front facing colored LEDs indicate charge status
- Up to 50 cycles in a 24-hour period after initial power outage
- Operates door at 3.5 inches per second
- Powered by Interstate Batteries®
- Compatible only with Destiny® and Odyssey® garage door openers.*

*Destiny® and Odyssey® opener models made before October 2012 will require parts replacement (purchased separately) to accommodate the Battery Back-Up. Contact your Overhead Door representative for more information.

Wireless Keypad

The wireless keypad provides convenient and secure garage access without the need for a remote or key. This is an ideal secure access solution for kids returning from school, when working on exterior home projects or when going out for a jog.

Standard Features

- Lighted keypad provides ease of visibility
- Auto seek dual frequency technology (315 MHz/390 MHz) helps to ensure opener will respond regardless of possible nearby frequency interference
- Flip up cover is available in four color options
- Operates up to 3 garage door openers
